School Accountability Report Card

Reported Using Data from the 2016-17 School Year

Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

Wilson Elementary School has an excellent reputation as an engaging environment in which children develop academically as well as socially and emotionally. The staff, students, and parents are committed to a high standard of academics and character education. We pride ourselves on testing high on the previous State assessment (STAR API score of 875) and the current computerized test (CAASPP) of the Common Core State Standards. We are very proud of this academic success, but are equally proud of how our students continue to succeed after leaving Wilson School.

To encourage high academic learning and positive social behavior, our Students of the Month program is based equally on academic subjects and character traits. Students chosen for this honor are recognized at our monthly Board of Education meetings. Students are also recognized by teachers at our weekly assembly for displaying good character traits through our "WOW" program (Wilson's Outstanding Wildcats). The statistics you will see on the following pages tell only part of the story.

We invite you to visit Wilson School to see how our small learning community is a wonderful place for children to grow into responsible, thoughtful, educated, confident, healthy and happy community members. When you visit, you will see how a small, rural school is preparing its students to become intelligent, hardworking, emotionally and mentally strong, compassionate and responsible citizens.

School Mission Statement:

We, the Wilmar Union Elementary School District, in partnership with our parents and our community lay the foundation of our children's education. We hold our students, and ourselves, to high standards by providing high quality instruction and materials. We assess our students' abilities, and then teach them so that they may reach their highest academic potential. We create a safe, caring environment in which children can develop well-rounded interests and where they learn to respect and value others as contributing members of a community that supports a life-long love of learning.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

Wilson Elementary School was established in 1863. Our current buildings were erected in 1957, modernized in 2003 and remodeled in 2015. The school has 11 regular classrooms, a library, computer lab, multipurpose room, and three portable classrooms used for instruction. Physical Education/play facilities include three playgrounds (TK & Kindergarten, 1st-3rd grades and 4th-6th grades), a soccer/football field, and a baseball field with a track around it that is ADA accessible.

In March of 2010 Wilson Elementary School completed a mile-long water pipeline project to bring Petaluma City drinking water to the school. The water project was an eleven-year pursuit to bring drinking water from the City of Petaluma to Wilson School. We now have a reliable source of drinking water and only use our well water for irrigation. The Wilson School Water Project was paid for by Federal and State funds through the American Recovery and Reinvestment Act of 2009.

In November 2012, our community voted to pass Measure P to bring needed funds to upgrade and remodel our facilities and to improve our technology infrastructure. In the summer of 2014 Bond work was completed to replace a major portion of our sewer system, to expand and remodel our main office and to replace the louvered windows in all classrooms. During the summer of 2015, every regular classroom was remodeled with new flooring, new wall coverings and new ceiling tiles. Insulation was added to the ceiling to make the school more energy efficient. In the 2017-18 school year we have converted all of our lighting to LED lights and plan to add Solar Power to our campus to virtually eliminate our electrical power use from the grid.

All facilities are kept in safe and clean condition. Buildings and grounds are clean and routinely inspected, maintained, repaired or upgraded as needed.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	67	64	67	64	48	48
Mathematics (grades 3-8 and 11)	56	59	56	59	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016-17)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	110	107	97.27	64.49
Male	50	49	98	44.9
Female	60	58	96.67	81.03
American Indian or Alaska Native	--	--	--	--
Asian	--	--	--	--
Hispanic or Latino	21	20	95.24	45
White	81	79	97.53	70.89
Two or More Races	--	--	--	--
Socioeconomically Disadvantaged	32	31	96.88	38.71
English Learners	12	11	91.67	27.27
Students with Disabilities	18	18	100	5.56

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group
Grades Three through Eight and Grade Eleven (School Year 2016-17)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	110	107	97.27	58.88

Socioeconomically Disadvantaged	32	31	96.88	35.48
English Learners	12	11	91.67	27.27
Students with Disabilities	18	18	100	0

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students
Grades Five, Eight, and Ten**

Subject	Percent of Students Scoring at Proficient or Advanced					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
Science (grades 5, 8, and 10)	84	69	84	69	56	54

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2016-17)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	3	21.2	69.7

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Contact Person: Mimi Jarvis

Contact Phone No.: (707) 765-4340

Parents are encouraged to take an active role at Wilson School, and we are pleased to have many parent volunteers. Some parents volunteer in our classrooms while others find alternative ways to support their children at Wilson School. They support our learning environment by assisting with field trips, extracurricular activities, fund raising, and campus beautification.

Each year PTA raises funds for many things that support and benefit our students and teachers including field trips, assemblies, parties and our end-of-year Fun Day. Parents are an integral part of making Wilson School a special place for kids to learn and grow. PTA sponsors academic assemblies put on by Lawrence Hall of Science, Anti-Bullying assemblies, and family fun nights. A few special events are the Gifts from the Heart craft day where each student can make several gifts for family members during the holidays, the Daughters' Ball and the Mother and Son camp out.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School			District			State

School Safety Plan (School Year 2017-18)

The School Safety Plan was last reviewed by the committee on January 21, 2016. Key elements of the plan include drills for earthquakes, fires, and general safety as well as crisis intervention plans. Parents can access the Safety Plan in the school office. A full review of the plan by the Safety Committee is scheduled for this year.

Professional Development (Most Recent Three Years)

Wilmar Union Elementary School District devotes three days each school year to teachers' professional development. The school uses the Professional Learning Community (PLC) approach where teachers and administration work collaboratively to choose the focus for staff development. We continue to focus on teaching strategies that support 21st Century Skills of: Critical Thinking, Communication, Collaboration, and Creativity.

All teachers are also encouraged to participate in workshops, conferences, and other training that will enhance instructional practices. Teachers give reports to the whole faculty from the training they attend.

Teachers new to the profession participate in the North Coast Teacher Induction Program (NCTIP), designed to support new teachers through training and individual coaching. During the 2017-18 school year we have two teachers participating in the North Coast Teacher Induction program (NCTIP).

During the 2017-18 school year we used a collaborative approach to adopt a new Math Curriculum and received a full day of training to support this implementation.
